Preamble

The use of deadly physical force by law enforcement personnel is a matter of critical concern both to the public and to the law enforcement community. The purpose of this Plan is not to set the standards for the use of such force, or to be a substitute for agency policy regarding use of force, but rather to provide a framework for a consistent response to an officer's use of deadly physical force that treats the law enforcement officer fairly, and promotes public confidence in the criminal justice system.
