Dear Sunshine Committee,

My name is Rebecca Sandoval. I live in Jackson Co. When I signed up to be a homecare worker back in 2007, I did so because I wanted to help consumers live their fullest life possible, which includes helping them advocate for their services and safety.

I am writing to highlight the importance of continuing the protection of homecare workers' personal data.

This is especially important for workers like me who share a residence with our Consumer-Employers. In essence, protecting homecare workers personal information means protecting the home addresses of thousands of Consumers. We all have a right to privacy and safety, but this is especially true for our consumers who deserve to have their privacy and safety protected by the state.

Thank you for taking the time to listen to my perspective.

Sincerely,

Rebecca Sandoval
