(a) Protection of the child is of primary importance.

(b) A serious need exists for a coordinated multidisciplinary approach to the prevention and investigation of child abuse, for intervention and for the treatment of children who are victims of child abuse in a manner that is sensitive to the needs of children. No child in this state should be denied access to a child abuse medical assessment because of an inability to pay. (2) The purpose of ORS 418.746 to 418.796 is to establish and maintain:

(a) Sufficient county multidisciplinary child abuse teams to conduct timely investigations of allegations of child abuse and provide comprehensive services to victims of child abuse through coordinated child abuse multidisciplinary intervention plans.

(b) Sufficient regional assessment centers and community assessment centers in Oregon to ensure that every child reasonably suspected to have been subjected to child abuse receives a skilled, complete and therapeutic child abuse medical assessment. [1991 c.898 §1; 1993 c.33 §331; 1997 c.872 §32; 2001 c.624 §6; 2005 c.562 §4]

The department shall include as members of the advisory committee representatives of law enforcement agencies and multidisciplinary teams formed pursuant to ORS 418.747 and other interested parties.

(3) In adopting rules required by this section, the department shall balance the need for providing other entities with the information contained in a report received under ORS 419B.015 with the resources required to make the notification.

(4) The department may recommend practices and procedures to local law enforcement agencies to meet the requirements of rules adopted under this section. [2005 c.250 §3]

Note: 419B.017 was added to and made a part of 419B.005 to 419B.050 by legislative action but was not added to any smaller series therein. See Preface to Oregon Revised Statutes for further explanation.

The department shall provide protective social services of its own or of other available social agencies if necessary to prevent further abuses to the child or to safeguard the child's welfare.

(4) If a child is taken into protective custody by the department, the department shall promptly make reasonable efforts to ascertain the name and address of the child's parents or guardian.

(5)(a) If a child is taken into protective custody by the department or a law enforcement official, the department or law enforcement official shall, if possible, make reasonable efforts to advise the parents or guardian immediately, regardless of the time of day, that the child has been

(b) Notice may be given by any means reasonably certain of notifying the parents or guardian, including but not limited to written, telephonic or in-person oral notification. If the initial notification is not in writing, the information required by paragraph (a) of this subsection also shall be provided to the parents or guardian in writing as soon as possible.

(6) If a law enforcement officer or the department, when taking a child into protective custody, has reasonable cause to believe that the child has been affected by sexual abuse and rape of a child as defined in ORS 419B.005 (1)(a)(C) and that physical evidence of the abuse exists and is likely to disappear, the court may authorize a physical examination for the purposes of preserving evidence if the court finds that it is in the best interest of the child to have such an examination. Nothing in this section affects the authority of the department to consent to physical examinations of the child at other times.

(7) A minor child of 12 years of age or older may refuse to consent to the examination described in subsection (6) of this section. The examination shall be conducted by or under the supervision of a physician licensed under ORS chapter 677 or a nurse practitioner licensed under ORS chapter 678 and, whenever practicable, trained in conducting such examinations.

(8) When the department completes an investigation under this section, if the person who made the report of child abuse provided contact information to the department, the department shall notify the person about whether contact with the child was made, whether the department determined that child abuse occurred and whether services will be provided. (2) If a person conducting an investigation under ORS 419B.020 observes a child who has suffered suspicious physical injury and the person is certain or has a reasonable suspicion that the injury is or may be the result of abuse, the person shall, in accordance with the protocols and procedures of the county multidisciplinary child abuse team described in ORS 418.747:

(a) Immediately photograph or cause to have photographed the suspicious physical injuries in accordance with ORS 419B.028; and

(b) Ensure that a designated medical professional conducts a medical assessment within 48 hours, or sooner if dictated by the child’s medical needs.

(3) The requirement of subsection (2) of this section shall apply:

(a) Each time suspicious physical injury is observed by Department of Human Services or law enforcement personnel:

- (A) During the investigation of a new allegation of abuse; or
 - (B) If the injury was not previously observed by a person conducting an investigation under ORS 419B.020; and

The referral may not indicate the child is subject to a child abuse investigation unless written consent is obtained from the child's parent authorizing such disclosure. If the child is already receiving those services, or is enrolled in the Head Start program, a person involved in the delivery of those services to the child shall be invited to participate in the county multidisciplinary child abuse team's review of the case and shall be provided with paid time to do so by the person's employer.

(7) Nothing in this section limits the rights provided to minors in ORS chapter 109 or the ability of a minor to refuse to consent to the medical assessment described in this section. [2007 c.674 §3; 2009 c.296 §1]
