

# CHILD SUPPORT WORKSHEET

ORAR 137-050-0700 to 137-050-0765

oregonchildsupport.gov

## 1. INCOME

		<i>name</i>	<i>name</i>
		<i>relationship</i>	<i>relationship</i>
<b>1a</b>	<b>Income</b>		
<b>1b</b>	<b>Additions and subtractions</b>		
	Add spousal support owed to the parent by anyone.		
	Subtract spousal support the parent owes to anyone.		
	Subtract mandatory union dues.		
	Subtract cost of the parent's own health insurance.		
	<b>Income after additions and subtractions</b>		
<b>1c</b>	<b>Number of non-joint children</b> Enter the number of non-joint children for each parent.		
<b>1d</b>	<b>Number of joint minor children</b> Include 18-year-olds attending high school and living with a parent.		<b>total</b>
<b>1e</b>	<b>Number of joint Children Attending School age 18 to 20</b> Exclude 18-year-olds attending high school and living with a parent.		
<b>1f</b>	<b>Total number of children</b> Add the number of non-joint children (line 1c), the joint minor children (line 1d), and the joint Children Attending School (line 1e) for each parent.		
<b>1g</b>	<b>Non-joint child deduction</b> Reference the <a href="#">scale</a> using the parent's income after additions and subtractions (line 1b) and the parent's total number of children (line 1f). Divide the result by the total number of children and multiply by the number of non-joint children (line 1c).		
<b>1h</b>	<b>Adjusted income</b> Subtract non-joint child deduction (line 1g) from income after additions and subtractions (line 1b). Add the parents' adjusted incomes and enter amount in the "total" column. If less than zero, enter \$0.		<b>total</b>
<b>1i</b>	<b>Each parent's income share percentage</b> Each parent's adjusted income (line 1h) divided by the total.		
<b>1j</b>	<b>Income available for support</b> Subtract the \$1145 self-support reserve from each parent's adjusted income (line 1h). If less than zero, enter \$0.		

## 2. BASIC SUPPORT OBLIGATION

<b>2a</b>	<b>Basic support obligation (from obligation scale)</b> Reference the <a href="#">scale</a> using the total adjusted income (line 1h) and the number of joint children (lines 1e+1d). Enter this amount in the "total" column.		<b>total</b>
<b>2b</b>	<b>Basic support obligation after self-support reserve</b> Enter the lesser of: 1) basic support obligation (line 2a) multiplied by each parent's income share percentage (line 1i); or 2) the parent's income available for support (line 1j).	<i>name</i>	<i>name</i>

### 3. CHILD CARE COSTS

		<i>name</i>	<i>name</i>	<i>caretaker</i>
<b>3a</b>	<b>Child care costs for joint children under 13 or disabled</b> Enter the cost in the column of the parent or caretaker paying the cost. Costs may not exceed the Department of Human Services maximum rate.			
<b>3b</b>	<b>Income available for child care costs</b> Subtract each parent's basic support obligation (line 2b) from each parent's income available for support (line 1j).			
<b>3c</b>	<b>Parents' shares of child care costs</b> Multiply each parent's income share percentage (line 1i) by the total of all child care costs (line 3a) and enter the lesser of that amount or income available for child care costs (line 3b).			
<b>3d</b>	<b>Support obligation after adding child care costs</b> Add child care costs (line 3c) to the basic support obligation (line 2b).			

### 4. HEALTH CARE COVERAGE

		<i>name</i>	<i>name</i>	
<b>4a</b>	<b>Health care coverage costs for joint children</b> Enter the amount each parent pays for health insurance premiums, even if \$0. Enter "none" if appropriate coverage is not available.			
<b>4b</b>	<b>Income available for health care coverage</b> Subtract support obligation after adding child care costs (line 3d) from income available for support (line 1j).			
<b>4c</b>	<b>Reasonable cost for health care coverage</b> Enter the lesser of each parent's income available for health care coverage (line 4b) or 4% of each parent's adjusted income (line 1h). Enter \$0 if the parent's income (line 1a) is at or below Oregon's highest minimum wage. Round to the nearest dollar. Total the results under <b>total</b> .			<b>total</b>
<b>4d</b>	<b>Determine whose coverage is available at a reasonable cost</b> Compare each parent's health care coverage cost (line 4a) to the total reasonable cost amount (line 4c). Indicate by name who can provide coverage: neither parent, one parent, either parent, or both parents. Only include a parent with income at or below Oregon's highest minimum wage if that parent's coverage is available at no cost.			
<b>4e</b>	<b>Order health care coverage at a higher amount?</b> Enter " <b>yes</b> " to find any available health care coverage reasonable in cost even though it exceeds the amount in line 4c. This may leave the parents with less than the self-support reserve (line 1j), but may not require a parent with income at or below Oregon's highest minimum wage to pay. Update line 4d. Otherwise, enter " <b>no</b> ".			
<b>4f</b>	<b>Who will provide health care coverage?</b> Select the parent(s) with coverage available at a reasonable cost (line 4d) who will provide coverage. Add the costs of the selected coverage from line 4a and enter the amount in the total column. If neither parent can provide coverage now, select "either parent when available" and enter \$0.			<b>total</b>

<b>4g</b>	<b>Parents' percentage share of health care coverage costs</b> Divide each parent's reasonable cost for health care coverage by the total amount on line 4c.		
<b>4h</b>	<b>Each parent's share of health care coverage costs</b> Multiply the total cost of health care coverage that will be ordered (line 4f) by each parent's percentage share of health care coverage costs (line 4g).		
<b>4i</b>	<b>Support obligation after adding health care coverage costs</b> Add the support obligation after child care costs (line 3d) to each parent's share of health care coverage costs (line 4h).		

### 5. CASH MEDICAL SUPPORT

		election y/n/c	
<b>5a</b>	<b>Cash medical support election</b> Enter "y" for <b>yes</b> if no appropriate health care coverage is available (line 4f). Cash medical will be included.  Enter "n" for <b>no</b> if appropriate health care coverage is available or if a finding will be included in the order explaining why cash medical should not be included. Cash medical will be excluded.  Enter "c" for <b>contingent</b> if the obligated parent will pay cash medical support whenever the obligated parent does not provide health care coverage. Contingent cash medical will be included.		
<b>5b</b>	<b>Cash medical support amount</b> If line 5a is "y", enter each parent's reasonable cost amount (line 4c).  If line 5a is "n", enter \$0.  If line 5a is "c", enter each parent's reasonable cost amount (line 4c).	<i>name</i>	<i>name</i>

### 6. CREDITS

		<i>name</i>	<i>name</i>	<i>caretaker or agency</i>
<b>6a</b>	<b>Average number of overnights (or equivalent)</b> Enter each parent's and caretaker's average number of overnights with the joint minor children.			
<b>6b</b>	<b>Parenting time credit percentage</b> <b>This is not the same as the percentage of parenting time.</b> Determine the appropriate parenting time credit percentage as provided in <a href="#">OAR 137-050-0730</a> using the average number of overnights (line 6a).			
<b>6c</b>	<b>Parenting time credit</b> Multiply the basic support obligation (line 2a) by the number of joint minor children (line 1d), divide by the number of joint children (lines 1d + 1e), and multiply by each parent's parenting time credit percentage (line 6b).			

<b>6d</b>	<b>Child care credit</b> Enter each parent's child care costs (line 3a).		
<b>6e</b>	<b>Credit for health care coverage costs</b> If health care coverage will be provided (line 4f), enter the health care coverage costs (line 4a) for each providing parent.		
<b>6f</b>	<b>Support after credits</b> Subtract credits (lines 6c, 6d, and 6e) from the support obligation after adding health care coverage costs (line 4i). This amount may be less than zero.		

### 7. WHO SHOULD PAY SUPPORT FOR MINOR CHILDREN?

		<i>name</i>	<i>name</i>
<b>7a</b>	<b>Minor children's portion of basic support obligation</b> Divide each parent's portion of the basic support obligation (line 2b) by the total number of joint children (lines 1d + 1e) and multiply by the number of minor children (line 1d).		
<b>7b</b>	<b>Net obligation for minor children</b> Add the minor children's portion of the basic support obligation (line 7a), each parent's share of child care costs (line 3c), and the minor children's portion of health care coverage costs (line 4h divided by total of lines 1d and 1e, multiplied by line 1d). Subtract parenting time credit (line 6c), child care credit (line 6d), and the minor children's portion of health care coverage costs credit (line 6e divided by total of lines 1d and 1e, multiplied by line 1d). May be less than zero.		
<b>7c</b>	<b>Which parent(s) should pay support for minor children?</b> Enter "Yes" in the column of the parent with the higher net support for minor children (line 7b). Enter "No" in the other parent's column. Enter "No" for both parents if the parents' line 7b figures are equal or there are no minor children (line 1d).  If the children live with a caretaker or are in state care, enter "Yes" in both columns.		

### 8. MINIMUM ORDER; REDUCTION FOR BENEFITS PAID TO CHILD

		<i>name</i>	<i>name</i>
<b>8a</b>	<b>Total support payment obligation, including medical support</b> To each parent's support obligation after credits (line 6f), add the greater of the health care coverage premium costs that will be ordered (line 6e) or cash medical support (line 5b).		
<b>8b</b>	<b>Is there a need to apply an exception to the minimum order presumption?</b> If line 8a is less than \$100 and the parent has an exception to the minimum order as provided in <a href="#">OAR 137-050-0755</a> , enter "yes" in that parent's column. Otherwise, enter "no."		
<b>8c</b>	<b>Amount needed to meet minimum order</b> If a parent has a total support payment obligation of less than \$100 (line 8a), and does not have an exception to the minimum order (line 8b), subtract line 8a from \$100. This is the increase needed to reach the \$100 minimum order. Otherwise, enter \$0.		

<b>8d</b>	<b>Cash child support obligation after minimum order</b> Add amount needed to meet minimum order (line 8c) to support after credits (line 6f). But, if the parent should not pay support for minor children (line 7c), and there are no Children Attending School (line 1e), enter \$0. If less than zero, enter \$0.		
<b>8e</b>	<b>Reduction for Social Security or veterans benefits</b> Enter the amount of benefits paid to the joint child because of a parent's disability or retirement as provided in <a href="#">OAR 137-050-0740</a> in the disabled or retired parent's column. If the parent is obligated to pay support, the support obligation will be reduced by this amount.		
<b>8f</b>	<b>Cash child support after Social Security or veterans benefits</b> From cash child support after minimum order (line 8d), subtract reduction for Social Security or veterans benefits (line 8e). If less than zero, enter \$0.		
<b>8g</b>	<b>Remaining reduction to apply to cash medical support</b> Enter the amount of Social Security or veterans benefits in excess of cash child support (line 8e minus line 8d). If less than zero, enter \$0.		
<b>8h</b>	<b>Cash medical support after Social Security or veterans benefits</b> From cash medical support (line 5b), subtract remaining reduction for Social Security or veterans benefits (line 8g). If less than zero, enter \$0.		

### 9. FINAL SUPPORT AMOUNTS AND MEDICAL SUPPORT PROVISIONS

		<i>name</i>	<i>name</i>
<b>9a</b>	<b>Cash child support for minor children</b> If the parent should pay support for minor children (line 7c), divide cash child support after Social Security or veterans benefits (line 8f) by the number of joint children (lines 1d + 1e) and multiply by the number of minor children (line 1d). Round to the nearest dollar. Otherwise, enter \$0.		
<b>9b</b>	<b>Cash medical support for minor children</b> If the parent should pay support for minor children (line 7c), divide the cash medical support amount after reductions (line 8h) by the number of joint children (lines 1d + 1e) and multiply by the number of minor children (line 1d). Round to the nearest dollar. Otherwise, enter \$0.		
<b>9c</b>	<b>Cash child support for Children Attending School</b> Divide cash child support after Social Security or veterans benefits (line 8f) by the number of joint children (lines 1d + 1e) and multiply by the number of Children Attending School (line 1e). But, if the parent should not pay support for minor children (line 7c), enter the full amount from line 8f. Round to the nearest dollar.		
<b>9d</b>	<b>Cash medical support for Children Attending School</b> Divide the cash medical support amount after reductions (line 8h) by the number of joint children (lines 1d + 1e) and multiply by the number of Children Attending School (line 1e). Round to the nearest dollar. But, if the parent should not pay support for minor children (line 7c), enter the full amount from line 8h. Round to the nearest dollar.		

<b>9e</b>	<b>Total child support</b> Add all cash child support and cash medical support (lines 9a-9d).		
<b>9f</b>	<b>Private health care coverage</b> Who should be ordered to provide health care coverage? Enter the selection from line 4f.		
<b>9g</b>	<b>Reasonable cost for health care coverage</b> Enter the "total" reasonable in cost amount from line 4c. But, if health care coverage will be ordered at a higher amount (line 4e) enter <i>the greater of</i> 1) the line 4c total, or 2) the line 4f total.		

**10. AGREED SUPPORT AMOUNT** (optional)

Only complete this section if the parties agree to a change in the support amount.

The parents may increase or decrease the support amount by up to 15%.

		<i>name</i>	<i>name</i>
<b>10a</b>	<b>Maximum permitted change</b> Multiply each parent's total adjusted child support (line 9e) by 0.15.		
<b>10b</b>	<b>Amount of agreed change to child support obligation (+/-)</b>		
<b>10c</b>	<b>Actual percentage change</b> Divide the amount of agreed change (line 10b) by total child support (line 9e).		
<b>10d</b>	<b>Agreed cash child support obligation for minor children</b> Increase or decrease line 9a by the actual percentage change (line 10c). Round to the nearest dollar.		
<b>10e</b>	<b>Agreed cash medical support obligation for minor children</b> Increase or decrease line 9b by the actual percentage change (line 10c). Round to the nearest dollar.		
<b>10f</b>	<b>Agreed cash child support obligation for Children Attending School</b> Increase or decrease line 9c by the actual percentage change (line 10c). Round to the nearest dollar.		
<b>10g</b>	<b>Agreed cash medical support obligation for Children Attending School</b> Increase or decrease line 9d by the actual percentage change (line 10c). Round to the nearest dollar.		
<b>10h</b>	<b>Total agreed child support</b> Add all agreed cash child support and cash medical support (lines 10d-10g).		

**This calculation is not the order. This is the worksheet and it shows the type and amount of support that could be ordered based on this calculation. The order is attached and it shows the actual terms of the support obligation.**
