

**CHILD SUPPORT COMPUTATION
SUPPLEMENTAL WORKSHEET**

Parent A _____

Parent B _____

WORKSHEET S-2 (PARENTING TIME CREDIT)

Use this worksheet if parenting time from worksheet S-1 is 25% or greater and less than 50% for Parent B; or if parenting time is equal for both parents (50/50).

	Parent A	Parent B	Combined
1. Each parent's percentage share of income (from CSCW line 8)			
2. Each parent's pro rata minor child basic obligation (from CSCW line 10)			
3. <i>If parenting time is equal for both parents (50/50)</i> , subtract the lesser pro rata obligation from the larger on line 2 and divide by two. Enter the resulting figure in column for parent with larger pro rata obligation on line 2; enter zero in the column for the other parent. STOP here and transfer figures to CSCW line 10a and continue with the CSCW. If this line does not apply, skip line 3 and continue to line 4.			
4. Basic Child Support Obligation (from CSCW line 9a for minor child(ren) only)			
5. Shared custody basic obligation (line 4 multiplied by 1.5)			
6. Each parent's share (line 5 multiplied by each parent's line 1)			
7. Percentage time with each parent (from S-1 line 15 for each parent)			
8. Parenting time credit (line 6 multiplied by line 7 for each parent)			
9. Each parent's pro rata minor child basic obligation (from CSCW line 10)			
10. Each parent's pro rata child support obligation (line 8 subtracted from line 9 for each parent); if negative value enter zero			
Transfer figures from line 10 to CSCW line 10a for each of the parents
