Mr. Kron,

Thank you for allowing me to participate at the Public Records Exemption Task Force Meeting yesterday. I am passing a link to the Oregonian article I mentioned, which reinforces the concerns I voiced yesterday, about the "governing body" exception in Oregon's public meeting / public records laws.

The link to the OPB v. Portland Public Schools article in the Oregonian is:

The parties' briefs to the lawsuit, which specifically discuss this exception, are included in the article and can be found at:

Thank you again for leading these meetings.
