

CRIME VICTIM AND SURVIVOR SERVICES DIVISION
NOTIFICATION PROCESS FOR
BREACH OF PERSONALLY IDENTIFIABLE INFORMATION

All sub-recipients must have written procedures in place to respond in the event of an actual or imminent breach of personally identifiable information (PII) if the sub-recipient creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of personally identifiable information within the scope of the subaward activities.

The breach procedures **must include a requirement to report actual or imminent breach of PII to the sub-recipient's fund coordinator no later than 24 hours after an occurrence** of an actual breach, or the detection of an imminent breach.

To Report An Actual or Imminent Breach:

- 1. Compose email to your Fund Coordinator notifying of breach**
- 2. Copy Grant Unit Manager, Mike Maryanov (mike.v.maryanov@doj.state.or.us)**
- 3. Complete and attach the form in Appendix A to email**

CVSSD will then notify our federal fund coordinators of the breach.

For purposes of this requirement

PII means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual.

Breach¹ means: The loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where (1) a person other than an authorized user accesses or potentially accesses personally identifiable information or (2) an authorized user accesses or potentially accesses personally identifiable information for an other-than-authorized purpose.

- A breach is not limited to an occurrence where a person other than an authorized user potentially accesses PII by means of a network intrusion, a targeted attack that exploits website vulnerabilities, or an attack executed through an email message or attachment.
- A breach may also include the loss or theft of physical documents that include PII and portable electronic storage media that store PII, the inadvertent disclosure of PII on a public website, or an oral disclosure of PII to a person who is not authorized to receive the information.
- It may also include an authorized user accessing PII for an other-than-authorized purpose.
