1 Why no balancing test? 1 3 Should be disclosed Should be disclosed subject to balancing test, possible reduction of 3 Disclose O Should be disclosed except SSN, maybe ODL numbers; some of these elements, e.g. SSN, could be pulled out of individual exemptions and made part of a blanket exemption for specific 3 types of "sensitive" information Is this a higher bar for disclosure? "Clear and convincing evidence"?
 This almost seems like a model exemption. If we have this
 exemption, wht do we need any others? 3 why should this he secret? 3 Why should these be secret? Where's the public oversight? 1 1 1 3 why is this secret just because the person is under 18?
