**Subject:** FW: CVSSD update regarding VOCA competitive funds

Dear CAMI RSP Grantees,

If you identify direct service needs, or innovations to support direct services, you have discretion to redirect CAMI RSP funds to that work during this crisis. Any expenses must still be allowable under CAMI (eg child abuse assessment, advocacy, or treatment). If changes would impact delivery of our collective projects, we should discuss as a group. Given that training delays may mean that both federal and state grant training deliverables may not be met, it is reasonable to use funds for more urgent needs.

Thank you for all of your hard work and perseverance during this crisis. I admire and appreciate all of you more each day.

**Robin Reimer**
