RE: Rules Advisory Committee Invitation – Extended Response Date

On February 18th, we sent the attached email invitation to join the rules advisory committee (“RAC”) that the Attorney General is forming to assist with permanent rulemaking to adopt OAR 137-049-0805 (pertaining to diesel engine requirements in certain public improvement contracts) and amend OAR 137-049-0120 (definitions used in public contracts for construction services). For those of you that volunteered to participate in the RAC, we thank you and look forward to working together in the coming weeks. For everyone else, we would like to extend the invitation in case you didn’t receive our prior invite or have not had the opportunity to consider serving.

If you are willing to serve on the RAC, please confirm your participation by sending a response to the following e-mail address by March 8, 2022:

2022PCCCleanDieselRulemaking@odoj.onmicrosoft.com. If you are unable to serve and know of another suitable candidate who could provide valuable information on the proposed rules, please provide us with contact information for that person at your earliest convenience.

Thank you very much for your assistance.

Jeff Wheeler
