Healing Equity United

Our mission is to foster equity, diversity, and inclusivity by compelling individuals to examine their own power and privilege. We move them from awareness to action, ultimately realigning resources, dismantling systems of oppression, and healing communities.

What We Do:

- Consulting on Creating Anti-racist and Anti-oppressive Nonprofit Cultures
- Workshops & Training
- Diversity, Equity, and Inclusion Audits

---

---

---

---

Diversity is having a seat at the table. Equity is having different sizes of seats so everyone can fairly participate at the table. Inclusion is having a voice. And belonging is having that voice be heard.

-Healing Equity United
