

Oregon is taking a STAND AGAINST HATE

Hate is on the rise. To stand against it, Oregon has Hate Crime and Bias Incident laws that:

- **stand for protected classes:** race, color, national origin, religion, disability, sexual orientation, and gender identity.
- **provide more support and resources** for victims.
- **track reports on hate crimes and bias incidents**, whether someone reports to police or to Oregon's confidential Bias Response Hotline.

No one should be the victim of a hate crime or bias incident, or be targeted for who they are.
