

## **GUIDANCE FOR WRITING A MEMORANDUM OF UNDERSTANDING**

A memorandum of understanding or MOU is a document created between two or more parties explaining how they will work together to achieve a common goal. While MOUs vary in complexity and use, the purpose is to help organizations work together and understand one another's perspectives. A MOU is not intended for use when there is an exchange of funds. The outline highlights the key components of an MOU.

### **Introduction**

This section describes the need, the organizations involved, and why these organizations need to work together. Include provisions for advocate privilege, confidentiality, and privacy. Consider these questions:

- Why is the MOU being created and what makes it necessary?
- What organizations or programs are participating in this MOU?

### **Section 1. The Purpose**

This portion should briefly explain the basis of the MOU and how and when it will be used to achieve a common goal. Consider these questions:

- What are the shared values and/or goals of the parties involved?
- What activities will the MOU partners participate in together?
- How and when will the activities be carried out?

### **Section 2. Roles and Responsibilities**

To better collaborate, both sides must understand what the other needs to succeed. At the start, all partners benefit from understanding the expectations of the MOU to ensure a successful experience. Consider these questions:

- What roles, responsibilities, or duties will each partner take the lead on? How will those roles, responsibilities, or duties be carried out?
- What resources does each partner have, and how will those resources be shared?
- What staff will participate in this collaboration, and what do staff need (e.g., training) to effectively carry out the MOU objectives?

### **Section 3. Oversight and Terms of Agreement**

The MOU should be considered a working document subject to changes if necessary. Consider these questions:

- How will both sides measure success?
- What methods will each party use to track progress (e.g., data collection, client surveys)?
- What circumstances require an amendment to the agreement terms?

### **Section 4. Effective Dates**

Identify the dates that the MOU agreement is in effect. Describe what is necessary to modify or cancel the agreement. Name the authorized officials who are to sign this agreement on behalf of both parties.
